Batch 34 (Oct SRC)	3 rd Aug-20	Mon	9 th Sep-20	Wed	6 th Nov-20	Fri

Important: All applicants must adhere to the published guidance for the UK Aerospace R&T programme. A formal document, available online via the ATI, defines the requirements specific to the programme, covering submission of project proposals to the ATI, Innovate UK and BEIS. It is essential that all applicants read this document before embarking on the development of a proposal to ensure a thorough understanding of the end-to-end process and at what point to engage with each organisation.

Changes to the dates listed above will be communicated to applicants as appropriate.
